### FATHER DAVE

I try not to fall for Internet hoaxes. I even try not to fall for hoaxes of Internet hoaxes. I did, however, come upon an e-mail recently that I want to pass on to you. It concerned a scam where the caller tries to get you to reveal the three-digit security code on the back of your charge card. The caller claims to call from your credit card company. Do not ever reveal this code or any part of your credit card number to anyone who calls you. The credit card companies will never ask for this information since they have it already. Anybody who calls you and asks for credit card numbers has a scam going. If you initiate a call, then you can probably give out the numbers, but not to someone who calls you.

### LENT

The Rite for Christian Initiation of Adults, also called the RCIA, shows us the true meaning and discipline of Lent. Lent deals with baptism, the preparation for baptism and the preparation for the renewal of baptism. Lent concerns repentance for sin. The catechumens, the non-baptized, repent as they prepare to receive baptism. The baptized repent as they prepare to celebrate the anniversary of their baptism at the Easter Vigil.

The RCIA has three elements. It gives information about the Church. It helps forms the participants into the Catholic-Christian way of life. It brings people into the community of the Church.

On March 5, the Archbishop will enroll our catechumens in to the ranks of the Elect, those chosen by God for the three sacraments of initiation at the Easter Vigil. We shall send them off to this ceremony at the 5:00 Mass on March 4. On March 18 and 25 and on April 1, we shall celebrate the Scrutinies for the Elect at the 5:00 Mass. On Monday evenings, March 20 and April 3, we shall present them with the Creed and Our Father at Mass.

### BLESSINGS

The Church revised her ritual for blessing in 1985. The former Ritual included the ceremonies for all the sacraments as well as blessings for many other occasions. The Ritual, called in English *The Book of Blessings*, has only blessings since the Church published the rites for the sacraments in separate volumes. The former Ritual did not have readings from the Sacred Scriptures in them; the new one makes good use of the Sacred Scriptures.

Both rituals have blessings for women before childbirth. The older one had a blessing of a woman in labor; the present one has a blessing during pregnancy. The ritual sees this new form as something done within the family on an individual basis or in something of a hospital for more than one woman. The former had a blessing after childbirth, the present one has that blessing incorporated into the liturgy of baptism.

I offer the blessing before childbirth to any woman who asks for it. I should do it in the presence of her family at a time we can schedule it.

### **WHY A PARISH-NURSE PROGRAM**

When I first came here from Springfield in 2001, I knew of the work of parish nurses. I wanted the same service for our people in Darke County.

I know from the Sacred Scriptures that Jesus went about healing bodies as well as spirits. Our reading this weekend from Mark 1:40-45 shows us Jesus healing someone of leprosy. Last week we heard how he healed a woman of fever.

I know from the sacraments that the Church wants healing of body, mind and spirit. In the Sacrament of the Sick we pray for healing of body as well as for healing from sin.

I know from the prayers at Mass, the Opening Prayer and the Prayer after Communion especially, that we pray for health of mind and body.

As we pray, we cannot expect God to bring healing if we do nothing to live in a healthy manner. As we pray to God, we also make use of the medical profession. If for no other reason than to remind us to take care of our bodies as the Temple of the Holy Spirit, we can use the services of a parish nurse. We have more reasons than this as I shall try to show below.

I know at times of catastrophic illness, families often need someone to interpret the medical information given by doctors and nurses to the family. Someone on staff who could ask the right questions for the family would prove very valuable.

At times of death, especially sudden death, a family may need a friendly medical person as well as a priest.

Often people who bring communion to the shut-ins do not notice deterioration in the physical health of the people whom they visit. At times they may not know how to interpret what they see. A parish nurse or medical person knows what to look for and can interpret what she sees and make recommendations. While a nurse cannot diagnose, she can report to a physician what she sees and suggest to the parishioner that he or she get medical attention.

Casual blood pressure screenings have often alerted a healthy person to something unhealthy going on inside. When we have a blood pressure program we often catch the unhealthy trend before it takes over the whole person. Our blood pressure program has often referred people to medical attention for high blood pressure.

We have a mandate from God to care for our bodily health as well as our spiritual health. If we do not care for our health we shall find ourselves unable to do the work God calls us to do. The parish nurse can help us have better health and so serve God and the Church better.

Times change and personnel change. We now have a person on staff with forty years of medical experience. I rely on her to coordinate the many things that tend to fall under the broad title of health. Of necessity these tend to embrace the spiritual and sacramental side of life. This happens because the life of our soul and spirit has a direct link to the life of our bodies. We live in this world with both a body and a soul. We shall enjoy heaven with both a body and a soul. The spiritual person needs the physical person.

Because of the close and necessary connection between body, spirit and soul, I wanted to have someone on staff specifically charged with working with parishioners in their struggles for healthy living. With Cindy Henderson and Jean Grieshop we have fulfilled my hope in this regard.

-- Fr Dave

### **MEN'S FELLOWSHIP BREAKFAST**

The next Men's Christian Fellowship Breakfast will be at 7:00 a.m. on Saturday, February 18 at The Inn at Versailles.

### **FAST AND ABSTINENCE**

We observe two days as obligatory fast days, and a third when we recommend fasting. Fasting means we cut down on the amount of food we eat. The Church does not prescribe how we fast in detail. Those between the ages of 18 and 59 should fast on:

Ash Wednesday and Good Friday

Holy Saturday (recommended)

We observe abstinence of Ash Wednesdays and Fridays. Abstinence means not eating meat.

On each Friday throughout the year if we make the day a special day of charity and penance we may eat meat.

On Ash Wednesday, the Fridays of Lent and Good Friday we must abstain from meat. Our bishops explain that this obliges those over the age of 14 substantially. This means that it admits of some exceptions.

Exceptions include the following:

Your host serves meat, not knowing the day or the rules for Catholics. Eat the meat.

You order meat in a restaurant. Eat the meat rather than waste it.

You eat in a cafeteria with only meat dishes offered, such as at school. Eat the meat.
